

New and Improved!

HFS is pleased to announce new eco-friendly compostable packaging on Individual Meals!

Key benefits of the new tray:

1. Recyclable – compatible with municipal paperboard recycling programs
2. Compostable – compatible with municipal compost programs – will decompose in less than one week in compost conditions
3. Made from a renewable resource – made from virgin milk carton stock that would otherwise go to waste
4. Clean, fresher, more appetizing look

The product, portion size, product order numbers and case pack remain the same.
